

**TITLE: License Expiration Date**

---

The Hawaii Teacher Standards Board approves the following change to all Hawaii teaching license expiration dates based on advice from the Attorney General for personal privacy issues:

- All current and future license and permit expiration dates will be modified to expire on June 30 following the current expiration date listed on the license record.

AND

- Online records will be updated by Hawaii Information Consortium (HIC).
- Since the online license is the official license and this record will be updated by HIC, teachers will receive a new printed license at their next renewal.
- Teachers will not incur additional fees because of this change.

Licensed teachers, the Hawaii Department of Education, Charter School Administrative Office, the Hawaii Association of Independent Schools and Hawaii State Teachers Association will be notified within thirty days.
